- \* Industrial design students create solutions for 'to go' food containers
- \* Calendar of Events
- \* News from Auburn Montgomery
- \* Extension System News
- \* Campus Dining Menus

## FEATURES

### **DiPofi's dissertation selected for publication**

Jackie Alexander DiPofi recently gave a presentation to over 40 business people gathered at the Auburn Chamber of Commerce to hear advice on "Managing During Hard Economic Times." This program is available by request from the Small Business Development Center in Auburn's College of Business. Also, a scientific publishing house located in Germany, known as VDM, selected DiPofi's dissertation, "Effects of Family Influence on Satisfaction with Financial Results," to publish in book form and distribute worldwide through Amazon.com. DiPofi, a native of Montgomery, earned a bachelor's degree and a master of business administration degree from the University of Alabama and earned a doctorate degree from Auburn University. She has served as the director of the Auburn University Small Business Development Center since 2001 and, during that time, the City of Auburn has received national recognition as one of the best places in the country for small business.
