

Graduate Courses in Wireless Engineering (CSSE)

| | | | |
|------|---|------|--|
| 6320 | Design and Analysis of Computer Networks | 6360 | Wireless and Mobile Networks |
| 6370 | Computer Network Security | 6390 | 3G and 4G wireless |
| 6500 | Distributed Operating Systems | 6510 | Networked Multimedia Systems |
| 6520 | Network and Operating System Administration | 6620 | User Interface Design and Evaluation |
| 6720 | Real Time and Embedded Systems | | |
| 7320 | Advanced Computer Networks | 7340 | High Speed Networks |
| 7350 | Multimedia Networking | 7360 | Wireless and Mobile Networks |
| 7620 | Human-Computer Interaction | 7700 | Software Architecture |
| 7980 | Master of Software Engineering Design Project | 7990 | Research and Thesis |
| 8120 | Current Topics in Database Systems | 8320 | Research Topics in Computer Networks |
| 8330 | Advanced Topics in Parallel & Distributed Computing | 8500 | Research Topics in Operating Systems |
| 8620 | Advanced Topics in Human-Computer Interaction | 8700 | Current Topics in Software Engineering |
| 8930 | Directed Study | 8970 | Special Topics |
| 8990 | Research and Dissertation | | |
