The Department of Electrical and Computer Engineering at Auburn University invites applications for a full-time, non-tenure-track lecturer beginning with the Fall 2020 semester. This appointment is for a minimum of nine months, with potential opportunities for summer funding, and is renewable annually. The main responsibility of this position is to primarily teach a fundamentals of electrical engineering course to engineering students outside of the department. The successful candidate is expected to bring experience, innovation, enthusiasm, and technology to this course. A typical teaching load will be three courses per semester, which includes course preparation and delivery. In addition to instructional duties, successful candidates will contribute to the instructional mission of the department through participation on faculty committees. Salary is commensurate with experience and qualifications. Lecturers have the potential for promotion to Senior Lecturer after five years of employment in which exceptional teaching ability and extraordinary value to the institution is demonstrated.

A Ph.D. in Electrical and/or Computer Engineering is required at the time of employment. We seek candidates who have demonstrated potential for excellence in teaching. Excellent communication skills are required. The candidate selected for this position must be able to meet eligibility requirements to work in the United States at the time appointment is scheduled to begin and continue working legally for the proposed term of employment.

The position is available beginning August 16, 2020, and applications will be evaluated beginning on January 1, 2020. The search will continue until a suitable candidate is selected. Applications should be submitted through the University’s on-line system using the following link: http://aufacultypositions.peopleadmin.com/postings/3838. Submit a cover letter addressing your qualifications for the position, curriculum vitae/resume, statement of teaching philosophy and experience, and the names of three references with contact information.

The Department of Electrical and Computer Engineering has 30 full-time faculty members and enrolls approximately 600 undergraduates (freshmen through senior) and 115 graduate students. The department is home to the Alabama Microelectronics Science and Technology Center, the Wireless Engineering Research and Education Center, and the Magnetic Resonance Imaging Research Center. Additional information about the department can be found at http://www.eng.auburn.edu/ece.

Auburn University is one of the nation's premier land, sea, and space grant institutions. In the 2019 edition of the U.S. News and World Report ratings of undergraduate programs, it was ranked 52nd among public universities. Auburn is an institution that is both highly research-active and committed to maintaining teaching excellence offering Bachelor's, First Professional, Master's, Educational Specialist, and Doctor's degrees. Its fall 2018 enrollment of 30,144 students includes 24,628 undergraduates, and 5,812 graduate and professional students. There are 1,450 full-time instructional faculty members distributed across nine Colleges and three Schools, with degrees offered in more than 200 academic programs. The Samuel Ginn College of Engineering has an enrollment of approximately 5,600 undergraduate and 1000 graduate students in 8 departments. Auburn University is nationally recognized for its commitment to academic excellence, positive work environment, exciting student life, and the beauty of its campus. Auburn University is understanding of and sensitive to the family needs of faculty, including dual-career couples.

Auburn University is geographically located in a moderate climate with easy access to both beach and mountain recreational facilities and is situated along the rapidly developing I-85 corridor between Atlanta, Georgia and Montgomery, Alabama. The Auburn-Opelika metropolitan statistical area has a population of 140,000, excellent public school systems, and a regional medical center.

Auburn University is an EEO/Vet/Disability Employer.
