

## THE NSBE Torch

The NSBE torch symbolizes our everlasting burning desire to achieve success in this competitive society and to affect a positive change on the quality of life for all people. The lightning bolt represents the striking impact that will be felt by the Society and industry due to the contributions and accomplishments made by dedicated members of the National Society of Black Engineers.

## NSBE

*Region 3*

*Auburn University Chapter*

*Founded 1985*

*"The future belongs to those who see possibilities before they become obvious."  
-John Sculley*

***Please join us every  
Tuesday at 6:00pm  
Broun Hall 238***

## About NSBE

### Mission

To increase the number of culturally responsible Black Engineers who excel academically, succeed professionally and positively impact the community.

### Committees

The Auburn University chapter has several different committees on which you are welcome to participate within. The committees are the groundwork for a successful chapter. So please contact an officer to see the opportunities available that may interest you.

### Conventions

It is a time when the organization as a whole gathers as one fulfilling the mission. With career fairs, workshops and numerous other fun activities, the National Convention is the single most exciting event of the year!

Spring Break 2009: If not Las Vegas, then where?

## A Word from Our Advisor

Join NSBE! It will be a decision you won't regret! How can I be so sure? I have worked with the Auburn University NSBE Chapter beginning with the chapter founding in 1985. The one constant in those 23 years has been the quality of our members. NSBE members are people you want to meet and be friends with. They are friendly, motivated, hard-working, and committed to academic excellence. NSBE members work together on their schoolwork, work together in outreach to the community, and play together when it is time to have some fun. Every year the enthusiasm and attitude of our NSBE members motivates me to work harder improving Auburn University. I am certain they will have similarly positive effects on you. Can't wait to see you at a meeting!

Dr. Nels Madsen

## Membership Benefits

With your national (\$13) and chapter (\$14) membership fees, you can get:

- ❖ Access to 20+ companies at regional conferences and over 300 at the National Convention career fair.
- ❖ Academic support is provided via tutoring and academic achievement programs. Compete in a vast number of programs that help prepare you for graduate school and your future career and a subscription to NSBE Magazine
- ❖ Leadership Development. You will have the opportunity to serve on a Regional and/or National Executive Board and meet thousands of other students and technical professionals.
- ❖ Post your resume free of charge to top engineering companies with NSBE Online (NOL). On NOL you will have the opportunity to search for internships, co-ops, and full-time job opportunities.
- ❖ Apply for various scholarships and grants. Scholarships are awarded every year to deserving undergraduate students, many of which do not even require a GPA.
- ❖ NSBE members receive discounts to the National Convention and Regional conferences. and more...
