- ▶ Tiger Giving Day was last month and we raised over \$16,000 dollars to support our funding to provide K-12 tutoring, robotics outreach, and conducting STEM outreach in the local community!
- ▶ Since we overshot our initial funding goal of \$3000 by over 500%, we are planning on splitting up the money for various funding activities and over several years.
- ▶ This year/summer we are helping to sponsor the Lochapoka Elementary/Middle School's first ever robotics competition! A complete VEX kit costs \$2569 dollars total, and this would be for a full class of 32 5th and 6th graders.
