

21st IEEE North Atlantic Test Workshop
*Be a Corporate Supporter of
NATW 2012 \$750 (Suggested Donation)*

NATW is the *only* East Coast technical event focusing on test issues held in the Northeast (traditionally New England). The 21st workshop will be held **May 9th – 11th, 2012 in Woburn, MA (Greater Boston area)**. The 2011 workshop had approximately 45 attendees from 14 universities and 7 companies, with corporate and academic support from Mentor Graphics, SynTest Technologies, Cadence, Amkor, AdamsIP, Maxim, the WEREC at Auburn University, and the Vermont Chapter of the IEEE Solid State Circuits Society. NATW 2011 included 12 student papers competing for the **Jake Karrfalt Best Student Paper Award**. It included a special session dedicated to the next 20 years of test, and an invited session on robust design & dynamic system fault management. NATW was voted the “most popular” workshop by the IEEE Test Technology Technical Council. The Boston Section will sponsor the 2012 workshop. Promote your company at the ONLY IEEE general Test Event East of the Mississippi!

Corporate Support includes:

1. Hanging of company sign / banner in the registration area (banner / sign must be provided, may be responsible for additional hanging fees)
2. Your company's logo listed on NATW's website. <http://www.eng.auburn.edu/~strouce/NATW2012.html>
3. Distribution of company material at registration. (e.g. flyers, lanyards, pens, etc.) (Handouts must be supplied one week prior to the Workshop.)
4. One 6' table in the registration area to promote company literature or equipment.
5. Prominent mention of your company during the workshop's opening event and all breaks.
6. One complimentary workshop registration. (A \$525 value)

To apply please fill in the form and send along with the payment (payable to 2012 IEEE-NATW):
