Dear Dr. Maghsoudloo,

Thank you, again, for all you have done for me - being a terrific advisor for my MS & PhD, the best teacher I have ever had, a wonderful mentor, & my "statistics dad."

Please send (e-mail) me your home address so I can play in touch. Enclosed is a disc w/ course →

files and the article drafts.
I did not find one formatted
just for JAS - you may have it?
All I had was a "read-only" disc
but I think you can import or
cut & paste it to your file. If you
have problems w/ it and/or need
anything else, let me know.

Best Regards,
Vickie
